Biting Policy:

After 3 biting incidents, the student will be terminated from our program.

Exclusion Policy:

Legacy Academy has a wide exclusion policy that is designed to protect all families from the spread of illness and to enhance the learning environment. The student will be sent home if he/she presents one of the following symptoms. In this table you will find the conditions in which the student can return to school.

Conditions for Exclusion		Conditions for Returning
	1. Forehead temperature of 100 degrees or higher behavior change	Free of fever for 24 hours (without using fever reducing medication).
	2. Uncontrolled cough, severe, where the child gets red or blue in the face or makes a "croupy" or "whooping" sound after coughing.	Symptoms free or Physician's written approval to return.
	3. Constant Diarrhea (2 watery stools in a 4-hour period or one large volume watery stool mixed with blood)	Free of Diarrhea for 24 hours.
	4. Breathing labored, rapid, wheezing	Symptoms free or Physician's written approval to return.
	5. Vomiting or upset stomach with more than usual infant "spitting up" (2 times in a 4-hour period)	Free of upset stomach and vomiting for 24 hours and able to take food.
	6. Hand Foot and Mouth Disease: Painful sores in mouth, palms of hands, or soles of feet; flat, red spots, sometimes with blisters (may also appear in elbows, knees, genitals.)	Symptoms free and sores healed.
	7. Conjunctivitis: pain in the eyes, redness in the eyelid, irritation, itchiness, discharge, dryness, swollen, puffy or watery eyes. Pink Eye.	Physician's written approval to return or 24 hours after beginning medication.
	8. Infected area of skin with crusty, yellow, gummy, dry area/rash and/or itching. Impetigo, Chicken Pox, Ring Worm, etc.	Physician's written approval to return or 24 hours after treatment started.
	9. Live Lice and/or nits (lice eggs) found on scalp, severe itching of the scalp and/or constantly scratching the head.	Treatment Required. (including all bedding and soft belongings taken home and washed). The child must be lice and nit free.
	10. Fainting or Seizures (other than pre-existing conditions) or general signs of listlessness, weakness, drowsiness, flushed face, headache, or stiff neck.	Symptoms free or Physician's written approval to return.
	11. Unusual Behavior (cranky, crying more than usual, obvious general discomfort, loss of appetite).	Symptoms free.
